This is issued to **Avis-Engineering EOOD**, Plovdiv, 15 K. Gerov Str, registered under company file No 489/1996 and decision No 802/28.01.1996 of Plovdiv District Court.

During the construction of site “Electrification of railway line “Dupnitsa – Kulata” funded under program PHARE, Avis-Engineering EOOD was proposed and approved by the project consultant DE-Consult as subcontractor for work on installation of overhead lines.

The Company Avis-Engineering EOOD has specialized in installation of overhead lines. It has its own ADM and DM machines for performing the installation activities. It is equipped with specialized small machinery for this kind of activities. The technical supervisors and workers are well qualified and have the necessary production experience.

With its own resources Avis-Engineering EOOD performed the overhead lines at the stations: Sandanski, Kulata, General Toshevo and several station-to-station sections. During the performance of its obligations Avis-Engineering EOOD demonstrated a high degree of professionalism complying with the contracted projects, standards and statutory documents in observance with the contracted terms.

The completed work was accepted by the resident engineers of the consultant after tests were made and the site is due to be commissioned.

With the impressions from our work with Avis-Engineering EOOD we can recommend them as a trustworthy partner in an overall realization of overhead lines.
