OHL ZS

REF. No. LPL 2250/0513

REFERENCE

OHL ZS AD - Sofia Branch issues this reference to **AVIS ENGINEERING LTD**, Plovdiv, in confirmation of the fact that for the period from **October 2010 to February 2013** the company carried out part of site: Reconstruction and Electrification of Railway Line Svilengrad - Turkish Border with **ASSIGNOR - National Company Railway Infrastructure SC**. The main purpose of the project was to develop the network of national company **Railway Infrastructure SC** by means of electrification and reconstruction of the railway infrastructure of the line Svilengrad - Turkish border for minimal speed 160 km/h with high commissioning parameters and in accordance with the European requirements for traffic safety, energy effectiveness and protection of environment.

The price for the construction and assembly works carried out by **AVIS ENGINEERING LTD** amounts to **BGN 6 700 000 /six million and seven hundred thousand leva/**, VAT exclusive. Works were carried out for the following parts:

- Part: Electricity - Overhead lines, including poles and fundaments /18 km/;
- Part: Electricity - Highway cable;
- Part: Electricity - Section post - Turkish border;
- Part: General construction and iron road - Noise-muffing barriers;
- Part: Protection installations

The contract also included supply of the necessary materials, their assembly, technical inspections and tests, delivery of the works, and the respective documents.

The constructed section post is intended for the reservation between electrified railway networks of Bulgaria and Turkey.

AVIS ENGINEERING LTD has the necessary specialized mechanical equipment and technology as well as engineers and workers with experience in construction works in transport electrification.

Melis

During the construction of site: Reconstruction and Electrification of Railway Line Svilengrad – Turkish Border the company showed excellent organization observing deadlines, construction technology, approved projects, standards and statutory documents.

We recommend AVIS ENGINEERING LTD as a qualified and reliable partner in all activities of part Electrification.
