TSO-OUT/20-05-05/0355

This certificate is issued by **TRACE - SOFIA EAD**, UIC 175254451, with registered office and address of management Sofia post box 1404, Triaditsa district, Gotse Delchev residential complex, 15 Metlichina Polyana Str., to **AVIS ENGINEERING EOOD**, UIC 115011904, with registered office and address of management Plovdiv, 4 Udrou Uilsan Str. fl. 2, in his capacity of subcontractor of the Project "Belozem Railway Station (Section № 810)", within the scope of the public procurement "Rehabilitation of railway sections Skutare - Orizovo and Straldzha - Tserkoeski" - Lot 1 "Rehabilitation of railway section - Skutare - Orizovo", under the PROJECT Rehabilitation of railway infrastructure on the railway Plovdiv - Burgas - Phase 2 with which on the grounds of Article 64 para.1 item 1 of the Public Procurement Act, we, **TRACE-SOFIA EAD**, certify that:

With a Contract dated 31.08.2017 **TRACE - SOFIA EAD** has assigned to **AVIS ENGINEERING EOOD** for the above project construction of a catenary, power supply to non-traction consumers from a catenary and Lighting. The activities performed by **AVIS ENGINEERING EOOD** on the assigned parts of the project include dismantling of the existing air contact network for railway transport, supply of materials and construction of a new air contact network for railway transport and related equipment, preparation of the accompanying and required according to the legislation documentation certifying the performed implementation and its compliance with the normative requirements, as it was performed in the period September 2017 - August 2019. The volume, types and value of the construction and installation works performed by **AVIS ENGINEERING EOOD** are as follows:

- Contact network with a total length of 5,350 km (five kilometers three hundred and fifty meters);
- Power supply to non-traction consumers from the catenary (system for heated sockets), including dismantling and installation of transformer systems and electrical connections.

With a Contract dated 20.10.2017, **TRACE-SOFIA EAD** has assigned to **AVIS ENGINEERING EOOD** for the above-mentioned project construction of a Main Section Post. The activities performed by **AVIS ENGINEERING EOOD** included dismantling of the existing main section post, delivery of materials and construction of the new one, as the implementation was realized in the period February 2018 - October 2018.

With a Contract dated 13.02.2019 “**TRACE - SOFIA**” **EAD** has assigned to “**AVIS ENGINEERING**” **EOOD** for the above-mentioned project construction of Silencers and Safety fences. The activities performed by **AVIS ENGINEERING EOOD** included excavation, formwork, concrete, reinforcement, installation and insulation works, such as the constructed noise-suppressing fence is 1305 m long (one thousand three hundred and five meters) and the completed safety fence is 412 m long (four hundred and twelve meters). Its implementation realized in the period from March 2019 to August 2019.

For the project a Permission for use 05 CT-05-166 / 05.03.2020 of DNCC (Directorate for National Construction Control) has been issued.

**AVIS ENGINEERING EOOD**, as a company specializing in the construction and reconstruction of catenary networks, as well as the activities accompanying this construction, has specialized equipment and machinery for their implementation. The organization of the activities in **AVIS ENGINEERING EOOD** is at a very good level, and the management and executive staff are highly qualified. The contract was fulfilled with professionalism and correctness from **AVIS ENGINEERING EOOD**, in accordance with the normative and technological requirements and project documentation.

**AVIS ENGINEERING EOOD** fulfilled the assumed contractual obligations and the project was handed over on time and without any remarks.

This reference is given to **AVIS ENGINEERING EOOD**, Plovdiv, to serve where necessary.

With respect:.....

Eng. BISER IVANOV  
Executive Director of  
„Trace Sofia" EAD
